Literary Note from the Century Co.  
 A story of the time of Shakespeare, written by John Bennett, will be the leading serial for the new volume of St. Nicholas. It is called "Master Skylark," and will deal with the romantic events of the Elizabethan age. The dramatist gives an idea of the leading characters, although the hero and heroine are a boy and a girl. Another serial, "The Last Three Soldiers," by William H. Shelton, has a novel plot. It tells of three Union soldiers who became veritable castaways in the Confederacy. Both stories will begin in the November St. Nicholas.

How to Favor Your Friend.  
 Do you know anyone in your neighborhood who has diphtheria, quinsy, catarrh, is troubled with croup or any other throat affliction? If so you will bestow a great favor on humanity by recommending a trial of Thompson's Diphtheria Cure, which was never known to fail, if used according to directions. Thousands have tried it and they are the ones who speak most highly of it. Their evidence surely cannot be ignored. Sold at Kirkin's drug store at 50 cents per bottle.

**"TOM" BOLIN AS A DETECTIVE.**  
 Makes Two Important Arrests in the Orwigsburg Murder Case.  
 Constable Thomas Bolin, of town, is making quite a record for himself as a detective. Last Sunday morning he arrested Harry Yarowski, for whom the United States Authorities had been scouting for at least two months. Yesterday he arrested in Hazleton and landed in the Pottsville Jail two men who are expected to clear up the murder of Martin Clay, who was shot on the Orwigsburg fair grounds last Sunday night. The men under arrest are Isaac Johnson, colored, and John Armstrong, both of Hazleton. Clay was also a resident of that place and the three were employed on the race track at Orwigsburg during the fair. Johnson and Armstrong are looked upon as important witnesses, as it is said they witnessed the murder. District Attorney Reichtel will probably examine them on Monday.

The belief that Armstrong knows considerable about the murder is strengthened by the fact that after returning to his home he told conflicting stories. He promised to undergo an examination before a Hazleton justice at the request of Clay's father, and then failed to appear. When requested again he failed, and when Constable Bolin took him into custody he offered resistance. Reigan, the supposed murderer of Clay, is believed to be roaming Sharp Mountain in the vicinity of Gorman's breaker. A man of his description and without a hat was seen in that locality by Bernard Coleman, of Tuscarora, and on noticing that he was observed took to his heels.

This morning Constable Bolin again appeared in evidence by detecting a thief in No. 2 court room at Pottsville. A woman stole a pocketbook from a spectator named Mary Little, residing at St. Clair. The pocketbook said her name was Daily and that she lived on Line street in this town. Bolin took her before a Justice and she was committed to the county jail in default of bail.

**Useful for Children.**  
 The school term has begun, and a nice article to have in the house is a natural size blackboard, which all school children appreciate in their studies at home. These blackboards are so cheap that most any family can procure one. Any size can be had to suit the space in your house, which can also be removed when necessary. Call at M. H. Master's marble yard, 127 North Jardin street, and ascertain the prices and order just the size you want. You will find that the progress your children will make in their studies will be remarkable.

It doesn't matter much whether sick headache, biliousness, indigestion and constipation are caused by neglect or by unavoidable circumstances; DeWitt's Little Early Risers will speedily cure them all. C. H. Hagenbuch.

**THE MECHANICS AT GETTYSBURG.**  
 Rev. Lechluder Elected State Councilor. Next Meeting at Altoona.  
 The Junior Order of American Mechanics, in session at Gettysburg yesterday, devoted themselves to balloting for officers and receiving reports of the State officers. Only one ballot was taken for Vice Councilor, and the result was: Crawford, 81; Rambo, 100; Pike, 130; Dickson, 250. Under the rules the lowest man is dropped on each ballot. The fight is now expected to be between Pike and Dickson. Rev. M. D. Lechluder was chosen councilor, and John Calver, treasurer, without opposition. Only two representatives to the national council were present, G. W. Cooper and W. C. Millonberger, of the Western district. Altoona beat out Williamsport for the next meeting place, receiving 273 to 193. An agreement has been reached in the trouble over the revocation of the charter of the Pen and Pencil Council, of Philadelphia. By it the Board of Officers is to be sustained in their past actions and the council is to be reinstated upon condition that all indebtedness is paid within six months. If it is not the charter is to stand annulled.

**BOLD MARAUDERS.**  
 They Make Repeated Attempts on South Jardin Street Houses.

At about two o'clock this morning two young men tried the rear doors of the residences of Joseph Dunto and David Lenhart, on South Jardin street. The barking of a dog at the Dunto house aroused Mr. Lenhart, who appeared at a second story window with a shot gun at hand. The two welcome callers took flight, scrambling over a rear fence, but only went as far as the houses of Alex. Kincaid and Alex. Jones, and tried to get to the second story windows by climbing upon the summer shanties. A neighbor named Mrs. Ellis was attracted by the noise made in scuffling matches. She raised a window and cried "Police!" and the marauders fled. They did not make their appearance again.

**MAHANOY CITY.**  
 The School Board of that Place Kicks Over Its Appropriation.

MAHANOY CITY, Sept. 17.—A special meeting of the School Board was held last night for the purpose of considering a proposition to adopt the Prang system of drawing and to discuss the reduction of the state appropriation. A motion was made to adopt the Prang system, but was defeated by a vote of 6 to 8. The secretary stated that the annual appropriation for schools for this district was \$1,500 below that of last year. Superintendent Ehrhart stated that Shenandoah received the same appropriation as last year and thought Mahanoy City ought to receive the same. The finance committee and solicitor were instructed to enter into correspondence with the state authorities and, if a mistake has been made, have it corrected.

The meeting announced to be held here last night by Congressman C. N. Brumm did not take place. There was some mistake in issuing the call, as Mr. Brumm was booked to appear here next Tuesday evening and he will keep that engagement.

About fifteen young people came over from Shenandoah last night to attend a select dance in Armory hall under the auspices of two prominent young ladies of this place, but they found the doors of the hall closed. It was explained that the parents of those most interested had objected. Some of the young men hired Gorman's hall and an orchestra and the dance went on.

Yom Kippur was celebrated by the Jewish people here to-day by services in Keiser's hall at which Rabbi Jonas Bailey officiated. All the Jewish places of business were closed.

**The Lavelle Fair.**  
 The eleventh annual fair of the Mahanoy Valley Agricultural Association will be held next week and from present indications it will be the largest and best fair ever held. The association has devoted the whole of Tuesday for the bicycle races, which are sanctioned by the L. A. W., and the race which is going to create a great deal of interest is for the championship of Shamokin, Mt. Carmel, Ashland, Girardville, Shenandoah and Mahanoy City. This race has been booked at the request of a vast number of riders to replace the one mile novel. The management have the assurance also that every class in the speed program will be filled, which together with the engagement of the celebrated Cook hippodrome will undoubtedly make this the most successful fair ever held by this association. 9-15-17-19.

**Attempt to Wreck an Express Train.**  
 PITTSBURGH, Sept. 17.—A dastardly attempt was made to wreck the western express on the Pennsylvania railroad at Newport, west of Harrisburg, about 1 o'clock in the morning. Some of the passengers were bounced out of their berths, and in the confusion many were thrown forward. The sudden stop was caused by striking a huge pile of ties, which had been placed on the west bound track. The engineer discovered the obstruction in time to check the speed of the train, but the pilot of the engine struck the ties and buried some of them to one side.

The loose ties had not been fastened, and as the rails were wet they were forced ahead until the train came to a standstill. The prompt action of the engineer saved the train.

 The re-covering of the mile of steam pipe used about the Alaska colliery, which has been under operation since May has been completed. A loss of 40 lbs. of steam has been diminished to but 4 lbs., which saving will entail a gain in the smaller consumption of coal. William Dean and his force of seven men who performed the work are now in this town preparing to do similar work at several of the P. & E. collieries.
